Individual

Position (job title)

N/A

email address

[REDACTED]

Which stakeholder group best describes you?

General public

Do you support extending the summer petrol volatility period from 15 November - 15 March to 1 November - 31 March?

neither support or oppose

Do you support requiring older operations at EPA licensed industrial premises to meet the more stringent emission standards that apply to newer activities and plant?

strongly support

Do you support the transition period (by 2025 to 2030) for these older activities and plant to meet more stringent emission limits?

strongly oppose

Comments

Our health will continue to suffer during the transition period. The more stringent standards should be implemented ASAP. Financial help should be available from the Government, if necessary to avoid increasing power prices.

Do you support expanding the geographic area in which controls apply for the storage and transfer of volatile organic liquids to include the greater Newcastle and Wollongong metropolitan areas, so they are included in the area that requires petrol vapours to be captured during transfer of petrol between underground storage tanks and road tankers (the stage one zone in the Clean Air Regulation)?

strongly support

Do you support the proposed new tightened emission limits and control requirements for all volatile organic liquid storage tanks, loading plant and tank vehicles regardless of age?

strongly support

What do you think are the most important sources of air pollution to address in Sydney?

Diesel powered vehicles and coal burning power stations.
