[BULK] Take the Survey Form Submission

There has been a submission of the form Take the Survey through your NSW Environment Protection Authority website.

Name

Robert Morse

Organisation or business name

Blue Mountains City Council

Position (job title)

Bushfire Management Officer

email address

[REDACTED]

Which stakeholder group best describes you?

Government-local

Do you support extending the summer petrol volatility period from 15 November - 15 March to 1 November - 31 March?

support

Do you support requiring older operations at EPA licensed industrial premises to meet the more stringent emission standards that apply to newer activities and plant?

support

Do you support the transition period (by 2025 to 2030) for these older activities and plant to meet more stringent emission limits?

support

Do you support expanding the geographic area in which controls apply for the storage and transfer of volatile organic liquids to include the greater Newcastle and Wollongong metropolitan areas, so they are included in the area that requires petrol vapours to be captured during transfer of petrol between underground storage tanks and road tankers (the stage one zone in the Clean Air Regulation)?

support

Do you support the proposed new tightened emission limits and control requirements for all volatile organic liquid storage tanks, loading plant and tank vehicles regardless of age?

support

Do councils wish to amend their listings in Part 1, 2 and 3 of Schedule 1 to provide different levels of control of burning of vegetation and domestic waste in their local government areas?

no

Do you have any other comments on the remake of the Clean Air Regulation?

Yes.

This Regulation doesn't align with Biosecurity rules for destroying diseased bee hives. The Reg has some allowances for destroying diseased animals but doesn't seem to cover amateur bee keepers and hives that now days can be plastic or polystyrene.
